Twice Exceptional (2E) refers to people who are both Highly Capable and Neurodivergent. In this presentation, please join us as Karen Herdzik will describe the characteristics of 2E children, common challenges 2E children face, and recommendations about how caregivers and educators can support children who are 2E.

Join us in person for this presentation in the  
Williamsville Central School District  
Board rooms at  
105 Casey Road  
East Amherst NY 14051

*Karen Herdzik, Ph.D. ABPP is a psychologist in private practice in East Aurora, NY. She is an alumni of UB's Counseling Psychology program and provides psychotherapy and family therapy to children and adults.
